Rosenbluth Gives Details of
Shooting of Major at
Camp Lewis

FLAYS U. S. AGENTS

Accident Occurred on Practice March,
Former Captain Says—Thought
Heart Attack.

New York, April 18.—Denial that he was in any way connected with shooting and killing of Major Alexander Cronkhite, two and a half years ago was made here yesterday by Robert Rosenbluth, formerly a captain in the army engineer corps. Rosenbluth, who was arrested here on a charge of murder and released later on \$25,000 bail, was accused in an alleged confession made by Sgt. Roland P. Pothier, at Tacoma of having ordered him to shoot Major Cronkhite, promising him protection if he performed the deed.

Rosenbluth, who is at the home of his attorney here, declared Major Cronkhite was the "best liked man in the outfit," and asserted that the Department of Justice agents had blundered in their investigation of the case.

"It was to satisfy a private vengeance," he said, "and to hang on to their jobs that I was accused of the murder."

The idea of a premeditated conspiracy to shoot Major Cronkhite, Rosenbluth declared, was impossible, as the Major was in the hospital four days previous to the shooting, and no one knew he was to be with the skeleton regiment on the day of his hike.

"Contrary to public opinion," he said, "we were not at rifle practice on the day of the accident. A skeleton regiment had been formed and it (Continued on Page Two)

Yields Over \$400

Sale of Tags For Irish Relief a Suc-
cess

The sale of tags on the streets Saturday by a committee of young ladies for the relief of the distressed women and children of Ireland proved a big success from every standpoint. Incomplete returns received show that a sum in excess of \$400 was raised which will be added to the general fund which is now in excess of \$2,000. It is expected that other returns during the week will add considerably to the general fund.

BLIND SOLDIER HERE

Mr. Flaugh is a member of the American Legion, and has with him as guide, an ex-service man, Albert Anderson. They are stopping at the Monticello Hotel while in this city.

File Tax Returns

Commissioner of Revenue Urges All to
Come Forward

For the last few weeks the Commissioner of Revenue has been kept busy filling out personal property and income tax lists, particularly from 7.30 to 9 o'clock in the evenings. Under the arrangement adopted by Mr. Callahan no taxpayer need lose time from work to file his lists and the public has not been slow to take advantage of the opportunity. Giving in and paying taxes does not as a rule appeal to one's sense of humor. Indeed it is a stern reality with but few features to tickle the funny bone. A prominent citizen while discussing the subject of taxation no longer ago declared he did not mind paying his share of taxes if somebody would provide a form for listing personal property and incomes which the ordinary human being could understand and not lose his temper trying to unravel the puzzles such as are now provided by both Federal and State Governments for this purpose. Fortunately Alexandria has a good natured Commissioner and one must have a big grudge indeed who does not leave his office in a better humor than when he entered. The time for making returns is rapidly passing and to forewarn those who have not reported the Commissioner has issued the following circular and will continue to keep his office open in the evenings as heretofore until the first of May.

Every man and woman who has reached the age of twenty-one years is now subject to assessment for capitation as well as other taxes and must be listed for that purpose. The lists must be filled in and sworn to by both male and female taxpayers giving full names and addresses. Married ladies must sign their own given names and not the given names of their husbands. Ladies who have not paid their capitation tax for 1921 will please state this where indicated in schedule A on the form supplied by the commissioner or obtained upon application at his office.

Firms, corporations and business institutions of every kind are required under the law to furnish the tax officers with the names and addresses of their employees, giving also the amount of salary received by each employee.

These lists will be checked up by the board of review and those who fail to make returns are liable to a fine of \$100 and the board has the authority to make arbitrary assessment from which there is no appeal.

To accommodate those who work during the day the commissioner's office, Room No. 7 City Hall, Cameron Street entrance will be open from 7.30 P. M. to 9 P. M. except Saturdays and Sundays.

COL. MOSBY'S MEN TO HOLD REUNION

Affair Will Take Place at
Manassas May
7th

U. D. C. IN CHARGE

Among the Speakers Will be Repre-
sentative W. D. Upshaw of Georgia
and Maj. E. W. Ewing of Arlington

Mosby's men, of which Capt. Fountain Beattie of this city is commander, will hold their annual reunion at Manassas Saturday, May 7, and it is expected that there will be a large gathering in attendance as these reunions are always a treat not only to the veterans but to all who attend.

In connection with the plans for the reunion the following letter dated April 12, has just been received by Capt. Beattie from Mrs. Westwood Hutchison, president of the Manassas Chapter, Virginia Division, United Daughters of the Confederacy and is self explanatory.

Alexandria,
Virginia.

My dear Captain Beattie:

In reply to your very gracious letter of March 26th which has just been presented to our local "Daughters in their monthly meetings, I am commissioned to suggest May 7th as the day for the coming of Mosby's men to Manassas. This day (or rather the 8th, which falls on Sunday) is the birthday of the gallant General Barnard E. Bee who fell on the battlefield of Manassas after giving the famous charge that bestowed upon Jackson his sobriquet "Stonewall" and for several years it has been our privilege to honor this Confederate soldier's memory by a pilgrimage to the battlefield, to plant on the sacred spot a beautiful Texas flag entrusted to us for that service by the Barnard E. Bee Chapter, U. D. C., of San Antonio. For the exercises there this May, we have long had the promise of speakers Representative W. D. Upshaw of Georgia and Major E. W. R. Ewing, who are the sons of Confederate veterans.

We shall be very happy if these and other arrangements for your special entertainment meet your approval. Be not hesitant, however, to name a time other than Bee's birthday. We want you all to enjoy your visit to and with us at a time that suits you and your men.

With pleasant anticipations, I am
Yours sincerely,
Mrs. Westwood Hutchison,
President.

To Curb Drivers

All Who Back Vehicles On Sidewalks
Without Protecting Them to
Be Arrested

Carts and wagons backing on side walks will henceforth be stopped. Complaint has been made to the authorities regarding the damage done sidewalks by carts and wagons backing over them without putting down boards to protect them.

Mayor Duncan today requested Chief of Police Goods to instruct the police to arrest all drivers who violate the law on this subject.

This city is just now endeavoring to see that all sidewalks in bad shape are repaired and it is pointed out that the sidewalks can never be kept in good shape if drivers are permitted to continue backing their vehicles over them.

COFFERS EMPTY TALK OF RETURN

Early Break in Coal Strike
is Confidently Pre-
dicted

CRISIS KEENLY FELT

Bins Are Nearly Empty. And Gov-
ernment Plans to Import Fuel—
Situation Worries Cabinet

London, April 18.—An early break up of the British coal miners' strike is expected, owing to exhaustion of relief funds and failure of the other members of the Triple Alliance to support the strike.

The funds of the miners' union are not held nationally, but by the separate districts, and yesterday the Warwickshire Miners' Association emptied its strong box by paying each member 7 shillings and 6 pence.

The Derbyshire and Notts men are reported to be on the verge of returning to work and leaving the National Association, while in Yorkshire, which is one of the richest coal districts, the men are discussing immediate return to work on agreement to discuss a final settlement later.

Sunday brought the coal strike home keenly to the people of Great Britain, as the need for the already closely held fuel was increased by the appearance of wintry weather throughout the United Kingdom, with a considerable snowfall in some sections.

The action of the House of Commons last Thursday night in virtually taking the affairs out of the hands of the Government was widely commented upon as bringing in a new phase of public affairs not altogether to the taste of Government departments, but likely to help toward a more speedy settlement.

The bad weather and the collapse of the threatened railroad and transport strikes has had the effect of retarding the recruiting of the volunteer forces in London, fewer citizens offering themselves for enlistment.

It was officially intimated today that Mr. Lloyd George and the other Cabinet ministers are still anxious to negotiate for a permanent settlement of the wage question. This desire is in line with the anxiety of the mine owners to come to terms with the men and avoid a prolonged struggle, which would lose the world markets for their product.

The strike has already been in progress for a fortnight and is certain to continue for at least another week, by which time the available stocks of coal will be greatly depleted. The mines department of the Board of Trade is already puzzled by the problem of eking out the available supplies and it is understood to be considering a still further drastic rationing.

The train services will be additionally curtailed during the coming week in line with this policy. The Admiralty is preparing to bring coal from Nova Scotia for its own use and some of the big coal factors are preparing to import American coal. A mass meeting of railway men held in Carlisle yesterday passed resolutions in favor of calling a general railway strike unless the just claims of the mines were adjusted by Friday.

Boys From Various Sunday Schools

Minstrel Show April 29.

In Christ Church Sunday School there was a class of boys, who, when war was declared, responded to the call of the colors and two years later returned, to their home town and home church, war veterans.

In July 1919, soon after their return, three of these ex-soldiers organized a club for the young boys of the Parish and met with them one night every week, with the teaching of the army as a background they were able to hold the boys, and in September of that year gave them an outing with swimming etc., and a taste of camp life. The following winter they consumed some time in rehearsing for a minstrel show which they put on most successfully and cleared nearly \$100. The money was expended in a wrestling mat, punching bag, boxing gloves, etc. Not only was phy-

Salvation Army

Advisory Board to Meet Tomorrow
Night

A meeting of the Alexandria Salvation Army Advisory Board will be held tomorrow night at 8 o'clock in the rooms of chamber of commerce. Important local needs and plans will be discussed and Mrs. Mary T. Wishman, field director, will attend this meeting.

At a meeting of the board last week methods of work were discussed and the following are some of the practical examples of how the advisory boards are giving service in other parts of the state and will be of interest to the public in suggesting similar lines of relief as emergencies may arise right here.

A young single woman in Virginia was taken sick, removed to a hotel and there was confined giving birth to a boy. The advisory board of the Salvation Army took up a subscription for her, buying clothes for the baby, paying her expenses for three weeks and have provided for her to go to a Salvation Army Home where she will be cared for and protected from the jeers of an unthinking public and given a chance to establish her self esteem and a confidence in human kind again. In these homes a girl is taught a way to maintain herself and her child honestly and the Salvation can look after her and the baby as she gets out into the world again under the supervision of that great organization for three years time. They carefully watch her footsteps, offering aid and loving service all along the way and teaching her of the one who said "Let him who is without a sin among you cast the first stone," and who did not condemn, but urged to go forth and try again. This trial is what the Salvation Army makes possible and eighty-seven of the girls in the Army's care "make good." It is the spiritual contact that is the secret of this remarkable success.

A judge in a nearby town referred to the Salvation Army a case of a young girl whose mother was leading a bad life. The Advisory Board was able to have the Army take her; one of its children's homes where she will assist in caring for the younger children.

A Field Director of the Salvation Army forming a Board in a Virginia town reported a case of a blind man selling papers in the streets. He had no home. The Advisory Board was notified and they have made arrangements to care for him.

Help for two beggars, one a cripple, the other blind. The case was referred to the Advisory Board with a letter of advice as to the disposition. "An orphan girl, twenty years old, was found by the Advisory Board living in questionable surroundings. She was sent to one of the Rescue Homes."

LAYMAN AGAIN OFFICIATE

Owing to the pastor, Rev. Robert Brown, recently appointed for the Methodist Protestant Church being detained in Philadelphia, F. W. Ehardt took charge of the morning, and Norman Roberts, of the evening services, both services being nicely conducted.

On Wednesday evening there will be a pound party for the new pastor to which each member and friend of the church is requested to bring one pound or more of their selection which would be useful to the new pastor and family. This will also be the time of the mid week prayer service, to which all who bring will come to the church and later will go to the parsonage.

On Friday night there will again be an earnest effort to add more members of the choir as they are needed and each young member of the church is to attend the choir practice at the church on Friday evening at seven o'clock.

Successful Year

Review Of Work at Second Presby-
terian Church Given by
Pastor

Reports of the year's work were read by clerk of session Wm. Campbell in the Second Presbyterian Church Sunday morning and shows a very successful year. There is a church membership of 575, and an enrollment in two Sunday Schools of 50. There have been 40 additions to the church during the year and including a recent evangelistic service the church gave \$3,550 to benevolences and \$7000 to congregational expenses and Westminster building fund, a total of \$10,550 to all causes. The official body is composed of seven elders and seven deacons. The pastor Rev. Dr. John Lee Allison and elder W. H. Melchoir will leave today to attend Potomac Presbytery which convenes in Franklin Square Church Baltimore, Md.

Pastor Attacked

Rev. Dr. Martin Held Up By Thugs
in Washington

Washington, D. C., April 18.—The Rev. Dr. D. H. Martin, pastor of Trinity Methodist Episcopal Church of Alexandria, Va., was badly beaten by two men in soldier's uniforms last night as he stepped from a street car at Wisconsin Ave. and Hall place northwest. Filled by a blow on his head, the Rev. Dr. Martin struggled to his feet and his assailants, after hastily going through his pockets, fled.

Walking to his home in the Secretary Apartments, just a few yards from the scene of the attack, the Rev. Dr. Martin had his wounds dressed by his son, and the latter then called the police. Detective Sgt. Vermillion and a squad of police from the Seventh precinct failed to find the assailants.

Upon reaching his apartment the Rev. Dr. Martin found that he had not been robbed. The two men, he believes, were frightened away before they could locate his purse. The Rev. Dr. Martin was just returning to his home after the evening services at Trinity Church when he was attacked.

TOLL OF STORM IN SOUTH MOUNTING

NEW CROPS RUINED

Hundreds of Families in Two Arkan-
sas Counties are Rendered Home-
less—Heavy Loss in Mississippi.

Memphis, Tenn., April 18.—Incomplete reports from the six States swept late Friday and Saturday by storms showed last night a death list of 83, with 20 seriously injured and nearly 80 suffering lesser injuries. Property damage, it was estimated, will run into millions, and when relief parties report from isolated sections, it is feared that the death toll will mount still higher.

As compiled last night by States the death list was:

Texas, 9.
Arkansas, 52.
Mississippi, 8.
Alabama, 14.
In Arkansas the injured list had reached 71 last night. There were no deaths reported in Georgia and Tennessee.

Torrential rains, which followed the wind, have delayed relief work, but in Arkansas the Red Cross has begun work in counties where hundreds of families were rendered homeless. Tents have been supplied by the National Guard and food supplies are being sent in.

The extent of property loss cannot be determined for days. In Arkansas, on many plantations in Miller and Hempstead counties, a rich farming section, practically every building was destroyed, newly planted crops washed out, orchards ruined, roads and bridges badly damaged, while telephone and telegraph wires were almost all destroyed. Railroads in that section report tracks washed out at many places. Farm houses, some distance from the direct path of the storm, were badly damaged. Estimates made on the property loss in these two counties last night place the property and crop loss at more than \$2,000,000. In Mississippi, in addition to actual loss from the high winds, much farm land was inundated by rising streams. A report received last night from Annette county said that 10 farm houses were destroyed by a storm late Saturday and 10 persons injured, one fatally.

In Alabama property loss in Birmingham is estimated at \$200,000 with 10 injured. Heavy rains and high winds in several parts of North Alabama were also reported to have caused heavy property and crop loss. In Georgia, where a heavy wind and rain storm struck at Rome, the property loss will exceed \$200,000, it was reported.

HAVE YOU SEEN HOW NEPONSET WEARS?

Have you seen the strips of Neponset floor covering which are now placed in front of Ruben's store and in the lobbies of the Ingomar and Richmond Theatres? They are there to watch them wear. This is Neponset Week during which time this recognized standard floor covering is to be demonstrated and sold at a special price of 75 cents a square yard as compared with the regular price of \$1.00 per yard. This demonstration test of putting large strips in places where the public will daily pass over it, is a conclusive means of proving its wonderful wearing qualities for in one day alone more people will pass over the material than would ordinarily on a piece of the same material in the home in many days. And the wear on these demonstration strips this week will be harder and more severe in character than would be the case with the material in the home. Don't miss this demonstration sale at Ruben's all this week.

Leaders Approximately 200 men, coming from sundry walks of life, are members of the 67th Congress. The majority of the new members come to the legislative halls of Congress with little or no wisdom of legislative methods. The sweeping demand for a "change" as told on the tally sheets of election boards last fall swept men into Congress like sticks upon the tide.

The natural result, speaking from a practical legislators' view point, is diversified objects to be attained. Each new member seems to have calculated that he, himself, knows of the only "right way" to bring contentment, prosperity and happiness to the nation. There is a deplorable lack of leadership in the House of Representatives. Representative Mondell of Wyoming, is the nominal leader of the majority party. Yet it is apparent that he does not inspire confidence in the minds of scores of Republican members. He is a man of fine achievements and characteristics, yet his personality lacks the requisites of one who should enjoy the absolute confidence of his colleagues. Mondell is Republican House leader because the operation of the seniority rule worked in his favor. There are other Republicans who inspire more confidence; whose judgement and willingness to listen and act are tremendous assets for a leader to possess. For instance, Joseph W. Fordney, representative from Michigan, chairman of the powerful Ways and Means committee, is a man who would excel Mr. Mondell as party leader. Mr. Fordney is loved and respected by those who come in daily contact with him. Because he sprang from humble surroundings and has climbed up the ladder to suc-

cess in both business and politics, he possesses the wisdom of experience. He understands the yearnings and opinions of others not so fortunate as he. He looks at legislative problems from the viewpoint of others. He has a peculiar way for accomplishing what he wants. Always ready to compromise on items of local importance, he tenaciously fights for party principal and national policy and generally is successful. While Mr. Fordney is necessarily a Republican leader of the house, his influence is restricted to matters of financial policy which come within the jurisdiction of his committee.

Representative Joseph Walsh of Massachusetts, is the coming leader of the House Republicans. Uncle Joe Cannon thinks he's the best man in the House. Because of his geniality and sagacity in conducting affairs on the floor of the house he is known as the "little Napoleon." Others follow his logic. He is comparatively young and has the physical endurance which older leaders miss.

On the senate wing is found Senator Lodge, only fairly successful in conducting the affairs of that body. Other Republican towers are Senators Penrose, Curtis and Cummins. The Democratic leadership is better but not as well organized as the Republicans. Senator Underwood of Alabama, is nominal leader. But in crises on the floor of the Senate effective leadership crops up in Senator Swanson of Virginia, Senator Williams of Mississippi, and Senator Smith of South Carolina. Senator Swanson rarely speaks. But when he speaks everybody is quiet and listens to him. This is especially true when naval affairs are under consideration. Because he thinks before he speaks, the Virginia Senator enjoys the confidence of a great number of his colleagues.

An International Mannerism Good manners between nations, like good manners between individuals, often require the most meticulous observance of little ceremonies that seem somewhat superfluous if not altogether unnecessary. Such for example is that rubric of international custom which demands that before ambassadors are appointed from one country

to another, the government of the country to which an ambassador is to be accredited shall first pronounce him acceptable.

Word has just been received in this country to the effect that President Harding's nominations of George Harvey and Myron T. Herrick as ambassadors to Great Britain and France respectively will meet with no objections in the two countries to which they are to be sent. That is they will meet with no formal objections.

It could scarcely have been otherwise. In all international history, despite the fact that this little preliminary farce has always been staged, there have been only one or two instances where formal objection has been made to proposed ambassadors. Such an objection amounts well nigh to an international affront and is not lightly to be indulged. In the case of Mr. Herrick, who has represented America before in France and who is widely and popularly known in that country, there was, of course, never any question but that the French Government would welcome him back again. As to Colonel Harvey's welcome at the Court of St. James, however, there has been no such assuredness. Having been a bitter critic of the present British Government and recently identified with severe attacks upon British policy, Colonel Harvey's appointment aroused much cautious but caustic comment in certain portions of the English press. The fact that in spite of it all, he will be received without objection by the British Government shows that the submission of names of ambassadors to foreign governments for their approval is an empty and meaningless international maneuverism.

Secretary Denby of the Navy Department has ordered a cut of from 15 to 50 percent in the prices to be charged men of the Navy for their clothing. What secretary do the rest of us come under?

The Government has perfected means, it is said, for sending market reports to farmers of the country by wireless. Now if it will be kind enough to perfect means for getting the market products from the farmers to the markets, it will really have done something.

That Maine Mayor who has cut his own pay \$400, in justice, he says, to the other city employees whose salaries were cut, will probably be turned out of the Mayors Union.

\$320,036,000 Offered Government
Washington, April 18.—Subscriptions for Treasury certificates of indebtedness, dated April 15 and maturing in October, totaled \$320,036,000 and the amount allotted was \$190,511,500. Secretary Mellon announced last night. The amount offered was \$150,000,000, and 10 of the Federal Reserve districts over-subscribed or equalled their quota.

Sentenced to Six Years
For Stealing Automobile
Onancock, Va., April 18.—Spencer Conquest, who was tried in the Circuit Court of Accomac County, on a charge of stealing an automobile from the garage of John W. West, of Onancock, pleaded guilty and was sentenced by Judge Fletcher to five years in the penitentiary. Conquest was caught with the car in Philadelphia. The stealing of cars was his business.

French Blondes Vanish
Paris, April 18.—Blondes are disappearing from France, out of sight because of the climate here, as has been asserted by some American beauty experts. Instead, two reasons are given, the chief of which is that soldiers who have returned here from German prison camps and the battle front have brought back with them an uncontrollable aversion to the flaxen type of beauty, as a result of which fair-haired and blue-eyed demurely have discovered that their matrimonial chances are reduced considerably.

Another reason advanced is that instead of remaining faithful to the rice powder and peach bloom wrinkle fillers of the last century fashion now calls for complexions ranging between light copper bronze and red brown commonly associated with the American red skin, and everybody knows that these shades spelled the doom of the blondes.

Shots Wife, Twice, Slays
Himself in Jealous Rage
Lynchburg, Va., April 18.—Responding to cries "this morning" at 6:30 o'clock by Mrs. Anna H. Turner, neighbors rushed to a store in Madison Heights operated by her, to find the woman lying on the store porch with a bullet wound through her head and one just over the heart and her husband, Charles P. Turner, 47, dead inside, with a bullet through his heart. Later a coroner's inquest resulted in a verdict that Turner had shot his wife and turned the weapon on himself. Jealousy is said to have prompted the act. She has a shot through the head just below the brain, and when Dr. George T. Harris, who acted as coroner, arrived, she took the bullet out of the side of her face opposite to where it entered, and handed it to the physician.

Mrs. Turner stated that she could not live with her husband and left him. This morning he went to the store and asked her to return home. Upon her refusal he, she alleged, drew his revolver saying, "If you won't live with me you can die with me." Whereupon he began firing. Three shots were fired, two striking Mrs. Turner. Chances are that she will recover.

Mrs. Turner, who has three times been married, created no small stir in Madison Heights three months ago, when she printed a newspaper advertisement telling why she married the third time so soon after the second husband's death, asking that she be not criticized, because she needed the protection of a husband.

The marriage, however, children of Turner said, was not happy, and that they quarreled much of late. Last night Mrs. Turner did not spend the night at home, returning from a neighbor's at an early hour. The revolver, with which the shooting was done, belonged to Mrs. Turner. Turner had ten children and Mrs. Turner three by her first marriage. Her only daughter, Mrs. Gertrude McCormick, lives in Norfolk.

HOTEL MAN IN READING
SHOT DOWN AND ROBBED
Reading, Pa., April 18.—Two men shot and wounded Andrew Ernest, 28 years old, landlord of the hotel at Hyde Park, north of this city, at 2 o'clock yesterday morning, and made their escape after robbing him of more than \$700.

Ernest and an employee were cleaning up the barroom when the robbers, of swarthy complexion, entered and asked for tobacco. Ernest was back of the bar to get it, and as he turned, the visitors fired at him. One bullet entered his left ear, and the other his neck, near the jugular vein.

The employee dodged through a door and locked it, then telephoned for the State police. Before leaving, the strangers looted the cash register and rifled Ernest's pockets. Ernest's chances of recovery are uncertain.

was to be a practice march, instructions in map drawing and the setting up of field kitchens. Owing to a change in officers, I, who was the commanding officer of Company D, was marching at the head of the column with Company A. Owing to a machine gun outfit practicing nearby, our plans were changed and we took a different route than the one originally planned.

"When we came upon Major Cronk and Sergeant Pothier, I halted the column, which I was commanding, about 40 yards away. Apparently Major Cronk was passing the time away practicing with his pistol on a tobacco can, and, after halting the men, I walked up and on the third shot he said to me, 'I got it, Rose!' and a second later said, 'My God, I'm shot.'"

Rosenbluth said he immediately gave orders for the regimental physician to come forward and others who understood artificial respiration, as they all thought he was suffering from heart attack until a surgeon discovered the wound.

"Not a breath of suspicion," said Rosenbluth, "was ever raised during the remaining two and a half months I remained in the army after the accident, and during that time my company in combat won the highest honors in the regiment in being made flag company. It was through the influence of Major Cronk that I was transferred from Camp Forrest to Camp Lewis with him."

Rosenbluth said he had received a letter from Frank R. Turner, of Pensacola, Fla., a former sergeant

Camp Lewis, who, other than Rosenbluth and Pothier, was said to be "nearest Major Cronk" at the time of the shooting. Turner attached a sworn affidavit, saying, "I heard no 'kike' from any other direction than those fired by the Major."

Janet J. Goldstein, Rosenbluth's attorney, flung the Department of Justice saying, "They are looking for some one to put the blame on, and don't care who it is. Rosenbluth has nothing to fear, as he is absolutely innocent and all of his old buddies of the service know it."

THERE'S nothing new about Piedmonts. They're old-timers. Sure.

But somehow or other these "new-fangled" cigarettes don't taste as good as Piedmonts.

They haven't the character, nor the lively, appetizing flavor that Virginia tobacco gives to Piedmonts.

There never was a tobacco quite so good for cigarettes as Virginia. And that's why Piedmonts haven't changed.

"Suicide By Inches"

Thousands of people commit suicide by inches! If you took minute daily doses of some poisonous drug, no particular effect might be noticed until accumulation of the poison made its action evident.

Yet how many realize that poisonous substances are formed constantly during digestion and the preparation of the food waste for elimination.

If the bowels act regularly and thoroughly, these poisons are eliminated. But if constipation exists, there results stagnation of intestinal waste, germs multiply and poisons are formed and carried by the blood to every cell of the body.

The victim of self-poisoning commits suicide by inches. Pills, castor oil, laxative waters and salts only force and irritate the bowels, and make constipation a habit.

Nujol works on an entirely new principle. Instead of forcing or irritating the system, it simply softens the food waste. This enables the many tiny muscles in the walls of the intestines, contracting and expanding in their normal way, to squeeze the food waste along so that it passes naturally out of the system.

Nujol thus prevents constipation because it helps Nature maintain even, thorough bowel evacuation at regular intervals—the healthiest habit in the world.

Nujol is absolutely harmless and pleasant to take. Try it.

Nujol is sold by all druggists in sealed bottles only, bearing Nujol Trade Mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 26 Broadway, New York, for booklet "Thirty Years of Danger."

SPORTS

The Naval Torpedo Station baseball team easily defeated the U. S. Marine Corp. of Washington, Saturday, by the score of 11 to 3. Walter field pitched for the Torpedo station, and was Master of the situation at all times. One of the worst features of the game, was an injury to Jimmy Alexander, who sprained his ankle and will be out of the line up for a couple of weeks.

The Torpedo Station expects to have a baseball club that will compete with any in this vicinity.

"They're off. Who? The Dreadnaughts." 14 to 4, was the score yesterday with the Peerless A. C. It is believed the "D's" are in their old stride again, so look out for 24 more, straight victories. All the "D's" connected with the old pill, Bernhardt leading with 4 hits. Dreifuss remained perfectly calm with just 3 hits out of 4 times up and made a stop that would puzzle Jack London to describe.

Back from a trip to old Kentucky, "Rosie Hayden," stepped out for slugging honors, batting a 1,000, and danced all over the big lawn like a 2 year old. Dorman, Devore, Sullivan, Loomis, Giles, Ludlow, and Dawson all played good ball, and contributed to the "win" with hits. "Ump" Payne sneaked one on the Doctor when he got in the way of a fast ball that floored him for the count, but he came back just in time to stop out old friend Dunbar from going to the greenhouse.

The game was slightly one sided, this being due to the acquisition of new material, rearrangement of players and severe practices, all of which the team needed. The team is expected to be further improved, and next Sunday you are able to see the regular season's lineup in a game with the fast Hartford Club. Watch for the schedule of the Dreadnaughts, same is to be published in a few days, showing all home engagements up to and including July 4.

Follow the Dreadnaughts in sport if you like a winner, they've got ability to win, and the power to entertain and amuse.

TRIPLE A WIN TWO GAMES

The Alexandria Athletic Association won their games Saturday and Sunday. Saturday they defeated the Railroad Administration by the score of eight to seven, again showing a real comeback, when they were six runs behind, after a little unsteady pitching by Raisin. Jimmy Quayle was rushed into the box to stem the tide while the home boys romped in home victors by a fine sixth inning rally. Walters and Peverill featured in the hitting, while Quayle struck out eleven men.

Sunday the much talked of Yankee A. C., of Washington, visited the shipyard grounds and were sent home with a defeat score 16 to 3. The game was a real battle until the sixth inning when Jett, the visiting pitcher, blew up and the A's counted nine runs in this inning. Walters featured the game with his hitting, two three base hits was his total, one with three on base. Raisin was a close second with four singles.

Jimmy Quayle turned back the Yankee team, striking out fourteen.

Next Saturday the American National Bank Team play the Triple A on the shipyard grounds at 5 p. m., Sunday the fast Independent A. C. comes here for a game which will be a real one from start to finish. Game called 3 p. m. Savage, our new catcher, and Anderson, the short stop, make up a fine combination for the Triple A Club and real baseball will be played on the shipyard grounds every Saturday and Sunday.

ACTIVITIES OF SILVER STAR CLUB

(Continued from page one) tical exercise taught the boys, but the foundation of christian principals were given them.

The name selected by the leaders for the boys was the Silver Star Club, as their own silver stars had shone on the service flag of Christ Church during the war period.

The second summer 1920, Mr. David Rust became so much interested in the club that he offered them the use of his farm near Leesburg, for camping purposes, but one of the leaders left the city and the outing for the boys was postponed until this summer, when Mr. Rust's offer still held good, now the leaders have increased in numbers and are more capable of handling the boys.

During the past winter the boys were divided into groups and various classes were formed. With the club funds a telegraphic apparatus was purchased and lessons were given by one of the leaders who is a skillful operator, drawing lessons were given

to another group, and debating classes were arranged for others, and the various groups took turns on the unit and enjoyed the physical exercises.

All honor to those young men leaders who have given unsparingly of their time, energy and enthusiasm and set as a reward of their efforts, marked improvements in the boys and a decided increase in the attendance in the Sunday school. The boys of all the Sunday schools attend the Silver Star Club as well as those of no church affiliation and never has one boy been taken away from his own Sunday School but the new members to Christ Church Sunday School are those who have no connection with any Sunday School whatsoever.

In order to raise money for equipment for the summer outing the club is again putting on a minstrel show to be given at Christ Church Parish Hall on Friday night, April 29th at 8 o'clock.

The small boys will be given the chorus work and featured as much as possible on the bulk of the show falls on the leaders of the club. The Girls Friendly Society will have a set and the St. Andrew's Brotherhood will assist in every possible way to aid the Silver Star Club that for the past two years has been carrying on with the same courage and high faith that was developed in its leaders in the Argentine Forest.

SHOOT AND ROB AUDITOR

Chicago Automobile Bandits Escape With \$2,800 Near City Hall

Chicago, April 18.—Herman Rabey, auditor for the Hotel LaSalle garage started for the hotel, two blocks away at 8:25 yesterday evening with \$2,800 in a small black bag. At the same time half a block west, a man waved his hand and a black automobile picked him up. As Rabey walked along the car kept half a block behind him.

As he neared the City Hall the automobile stopped. Almost at the same moment a street car loaded with passengers, stopped. Two men leaped out of the automobile and approached Rabey.

One snatched at the bag as the auditor threw up his arms to defend himself. The other struck him on the head with a revolver. Rabey stumbled, but fought gamely as the passengers on the street car watched. One bandit fired once and Rabey slumped to the pavement. The other bandit snatched the bag and the two leaped into the car and raced away at 50 miles an hour.

No trace of the bandits had been found late last night. The LaSalle Hotel has offered a reward of \$2,000 for their capture.

Pepto-Mangan Brings Vigor, Health and Happiness to Anemic Persons

When you're feeling your best—when you're brimming with happiness, "pep" and enthusiasm—people just can't help being drawn to you. You're a favorite wherever you go.

But when you're constantly tired and dull—when everything is too much trouble—when you're bored with yourself—it's natural that you affect your acquaintances likewise.

If you're not feeling up to par, you're not. If you're not sick exactly, but are just run down, what you need is a good tonic. The food you eat is not becoming energy-making, red blood.

Everyone gets run down occasionally. But it's not necessary and is really dangerous to let this condition hang on. A bottle of Pepto-Mangan, the famous "red blood builder" would supply the iron and other properties your blood now lacks—would bring back your old-time energy and enthusiasm—would put color in your cheeks and spring in your step.

Pepto-Mangan is agreeable and convenient to take, and endorsed by physicians everywhere. "Can be had in either liquid or tablet form. There's no difference in their effectiveness."

Ask your druggist for Pepto-Mangan and be sure it's "Oxide's" the genuine. The name "Oxide's" should be on the package.

Ill Health Often Due to Neglect of Kidneys and Liver

Many organs take part in assimilation of food and a number are active in eliminating those portions of the food which are not taken into the blood for the upbuilding of the body. Of the eliminative organs, the liver and the kidneys are of major importance, and are most likely to be overworked and become diseased. When such is the case, various troubles of a digestive and eliminative character occur, and such troubles are so frequent and so common that it is absolutely necessary to find some relief. Warner's Safe Kidney and Liver Remedy was compounded over 40 years ago to help equalize the work of both kidneys and liver. How successful it has been is evidenced by its wide-spread sale and its value is attested by an immense number of appreciative users who through these many years have put it to the severest tests with the most satisfactory results.

Warner's Safe Kidney and Liver Remedy contains no harmful ingredients and should be used when the kidneys need attention.

Sold by Gibson's Drug Store, and all leading druggists. Sample sent on receipt of ten cents. Warner's Safe Remedies Co., Dept. 638 Rochester, N. Y.

disappeared from a Belgian cathedral during the German occupancy, was found here yesterday, according to Charles Thurmond, a New York art collector, commissioned by the Belgian government to hunt for the picture.

R. L. Bolin, an apprentice tool dresser, who served with the A. E. F. military police, was exhibiting the picture, which Thurmond says is the most valuable canvas in the world, in a small shop. He bought it at Baure, Germany, with two others, he said.

The picture was stained and travel soiled, and when Bolin tried to sell it here it was passed by unheeded for many months.

Learning of Thurmond through a relative, he wrote to the collector, he said. Thurmond after a minutes' examination, pronounced the canvas the missing Rubens and gave its date as 1612.

AUDIBLE RINGING

We have completed placing equipment in service at our central office in Alexandria which permits the calling party to hear the ringing of the called subscriber on local telephone calls.

This audible ringing signal, which is a softened, intermittent hum, will serve in place of the operator's report "I am ringing them" as assurance that the work on the call is going ahead.

The operator will continue to give a final report of "They do not answer" if the called party does not answer after the telephone has been rung for two minutes but will no longer report "I am ringing them."

This is another improvement in the telephone service.

JOHN DANIEL GORILLA DIES

New York, April 18.—"John Daniel," the only gorilla in captivity in the United States, died yesterday of pneumonia in his private room at Madison Square Garden, where he was appearing with a circus.

Physicians and medical men did all within their power to save the animal's life, giving him hot drinks, applying hot cloths, and administering quinine, but to no avail. A peculiarity of the climate in America is said to prohibit gorillas from living here for any length of time. One of the animals died recently at the Bronx Park Zoo of the same malady. The body will be presented to the American Museum of Natural History.

GIRL DIED OF FRIGHT. HIS CONFESSION SAYS

Pittsburgh, April 18.—Arrested in connection with the death of 8 year old Nadine Kremer, missing since last Tuesday, whose body was found last night in a stable near her home in Gert-Way, John Miller, 38, a stableman, signed a confession early today that the girl died while struggling to escape from him.

Miller, who is in Central Police Station awaiting the action of the coroner, protests that he had no criminal intentions and that he believes the child died from fright. An autopsy showed that the little one had not been attacked and the coroner's physician, not satisfied as the real cause of death, recorded it tentatively as "cardiac paralysis."

Miller, who was known to hang around the stable much of the time, was arrested on suspicion. Although the police express the belief that the girl was dragged into the stable, Miller in his confession, declares that she entered of her own accord, that he seized her in fun, and that she fainted, apparently from fright. He tried to revive her, he said. Falling, and realizing that she was dead, he hid the body beneath the stable floor.

JACKIE COOGAN IMPROVING

New York, April 18.—Jackie Coogan, co-star with Charlie Chaplin in "The Kid," and the hero in "Pek's Bad Boy," confined to his hotel room with acute inflammation of the bronchial tubes, is showing "signs of improvement," according

to a statement issued yesterday by Dr. Jesse S. Heiman.

5 BANDITS KILL AND ROB MAN; MANY SEE HOLDUP

Chicago, April 18.—In the heart of the Loop District, five bandits held up Herman Rabey, auditor of the La Salle Hotel Garage, shot him through the throat, snatched his satchel containing \$2,800 and escaped in an automobile through a maze of traffic.

Hundreds of persons saw the hold up, which occurred at Washington and La Salle Streets, directly across from the City Hall, and within half a block of detective bureau headquarters.
